

Brexit and Immigration: Impact on Local Businesses in Dorset

Organised by
Sangeeta Khorana and Jens Hölscher

Wednesday 20 June 2018, 10:00 – 12:30, Talbot Campus, Fusion: F109

One of the hotly debated issues in Brexit focusses around immigration. In this session we will be exploring these issues and discussing how proposed immigration systems are likely to impact on the incentive of immigrants to live and work in the UK. We'll also look more locally about the impact it may have in Dorset, especially on our tourism and hospitality sectors.

Refreshments will be provided.
